

## NORTHWOOD 244

If you love indoor/outdoor living, you're sure to love the Northwood. Designed with an orientation towards the outdoor, the Northwood makes the most of natural light to create bright sunny rooms. Forming the central hub of the home, the interconnected kitchen and dining area open directly out to the central courtyard through two sets of sliding glass doors. The three bedrooms and main bathroom are located off a separate hallway, which provides a defined separation of living and sleeping areas. The master suite offers the luxury and convenience of a spacious ensuite and twin built in robes.
